Quick Insights: Tantrakul Service at a Glance

Tantrakul launches India's first contract-based rituals—clear outcomes, fixed timelines, and a pre-decided refund (60–100%) if results don't manifest. ₹1100 evaluation (non-refundable) includes a written assessment. Panchāṅg & Kundli APIs guide timing and remedies. Materials/donations/travel are excluded. Rebuilding trust in Tantra with clarity and accountability.

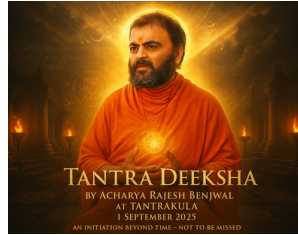

Flash Report: Result-or-Refund, Explained

Before work begins, your contract states rituals, timeline, measurable outcome, and the exact refund % (60–100%). If results don't appear on time, the contracted refund triggers—no partial-progress debates. Provide basic updates for verification. Exclusions: materials, donations, travel/lodging. Jurisdiction: Dehradun. Full policy on our site.

Panchāṅg Window: This Week's Highlights

Use midday Abhijit for clean initiations; avoid Rahu Kālam for first-starts. Moon's nakshatra drives tone. For a precise slot, check our Panchāṅg API or ask during evaluation. Small, steady actions > big, rushed leaps.

Community Digest: From the Sādhaka Circle

Our puraścaraṇa-sampanna sādhaka met this month to standardize discipline, documentation, and ethics. Their message is simple: shraddhā with structure. We continue to share anonymized case learnings to improve outcomes while staying compassionate and non-fatalistic. Have feedback or a story to share? Write to us—we read every note.

In Focus: How the Contract Works

1. Evaluation (₹1100): case review + written plan.
2. Contract: rituals, timeline, outcome, refund % finalized.
3. Execution: sādhaka perform as scheduled; you share simple updates.
4. Result or Refund: outcome manifests—or your pre-decided refund triggers.
5. This framework keeps everyone aligned and protects your trust.
